Although the Visual OTTHYMO Software Program has been thoroughly tested and Civica Infrastructure Inc. has endeavoured to make this program error free, this program is not and cannot be warranted as infallible and there remains the possibility of program errors. Further, the Visual OTTHYMO Software Program is complex requiring professional engineering expertise and professional engineering judgment to input information and to interpret the information generated by the program. Therefore, Civica Infrastructure Inc. can make no warranty either implicit or explicit as to the correct performance or accuracy of the Visual OTTHYMO Software Program to process or implement the information supplied.

As a result, Civica Infrastructure Inc. disclaims all liability including, without limitation, special, collateral, incidental or consequential damages in connection with or arising out of the purchase and use of the Visual OTTHYMO Software Program.

Civica Infrastructure Inc. reserves the right, from time to time, to revise and improve its documentation, program and software as they may deem necessary. The information in this program describes the state of the software at the time of its publication. It may not, however, accurately reflect the state of future revisions to the software.

You should read carefully the following terms and conditions before continuing with the installation and use of the Visual OTTHYMO software for stormwater management (the "software"). By installing the software, you are agreeing to be bound by the terms and conditions of this license. If you do not agree to the terms of this license, please permanently remove all copies of the installation and/or promptly return the USB key (with all the original contents) to the place of purchase for a full refund within 10 days of purchase.
